At the time of foundation, the College was named Uttarpara College. Eight years later, Late Raja Peary Mohan Mukherjee, son and successor of Joykrishna Mukherjee maintained the College as a non-government Institution. **Raja Peary Mohan Mukherjee was the first M.A. from Calcutta University**. In 1953, the College was renamed as **Raja Peary Mohan College**, Uttarpara in gratitude to Raja Peary Mohan Mukherjee, the patron and benefactor of the College, who served as the crisis-manager when the College had run into a very rough weather.

The College draws a large no. of students from the Districts of Hooghly, Howrah and North 24-Parganas, including North Kolkata. It has now developed itself as a prominent center of learning and as one of the biggest Colleges in West Bengal under Calcutta University. In 1956, from Intermediate standard, the College was upgraded to a Degree College with affiliation in

degrees of Arts and Science. Two years later, it got its affiliation in Commerce faculty, at the Pass level and in 1970 at the Honours level. Till 1990, the College had been offering Honours Courses in Bengali, Political Science, Philosophy, Physics, Chemistry, Mathematics, Economics and Zoology. In 1990, the College got permission to provide Honours course in Physiology, and in 1997 in English and in Botany. LOCATION:

The College has a beautiful overview of the **Hooghly River**, the **Dakshineswar Kali Temple** and of the **Vivekananda Setu**, more commonly known as **Bally Bridge**. It is located on a point near the G.T. Road, and is within easy reach of Bally Ghat Railway Station and Bally station on Chord line as well as Howrah-Bandel and Tarakeswar Main line. The College is well connected by both railway and bus routes with all parts of the districts of Kolkata, Hooghly, Howrah and North 24 Parganas. - **The Acharya Prafulla Chandra Roy Eco-Club of the College** :The Acharya Prafulla Chandra Roy Eco-Club of the College undertakes community health movement. For the last two decades a large number of people in villages and slums living under the poverty line are suffering from mal nutrition due to scarcity of food particularly for developing countries. Nutritionists have discovered that weight for age has been one of simplest characteristics to reflect relative importance of deficiencies of protein and energy in a community survey. The eco-club has utilized this method in their surveys-cum nutrition awareness programmes who are below

the poverty line in different areas of the Hooghly district. The slum dwellers are generally unaware of the type of nutrition they require for a child or for an adult and consequently they are prone to suffer from various diseases. The purpose of the nutrition programmes is to aware the parents about the health of their child and also of the female members of family which also include proper cooking procedure through demonstration as it helps to frame a healthy society. The aim is to inculcate change of life-style through low-cost nutrition and hygiene awareness among the slum dwellers. This also make the students aware of the importance of nutrition and also help them to understand the problems the slum dwellers faces and establish a connection with the common people of the society The programmes organised in the following slums:

- For the health workers of Bhadreswar Municipality--in 2009
- Seminar on **“Global Warming** in Collaboration with Department of Science and Technology, Govt. of West Bengal, in 2009.
